Subject: Notice of File Closure, Skyline Pine Quarry, S/003/040, Box Elder County, Utah

Dear Mr. Ward:

The Skyline Pine Quarry, file number S/003/040, located in Box Elder County, Utah, will now be closed and the file retired.

On August 24, 2007, an informal conference was held in the Division's Office to discuss the bonding requirement of your permit. Based on testimony presented during the conference, The Hearing Officer gave you the option of keeping the site open, which would have required a surety, or closing the permit, which would require filing a new notice prior to doing any additional mining activity on the site. As per your letter received on October 15, 2007, you have indicated that you wish to have the file closed. You are no longer required to provide a reclamation surety or reclamation contract for this site as previously requested.

You are hereby released by the Division from further mining or reclamation responsibilities at this site. If you wish to conduct any future mining related activity in this area, you will need to submit a new notice and provide a reclamation surety and reclamation contract prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5325 or Lynn Kunzler at 538-5261. Thank you for your time and consideration in resolving this issue.

Sincerely,

Daron R. Haddock
Permit Supervisor
Minerals Regulatory Program
